DWA_03.4 Knowledge Check_DWA3.1

---

1. Please show how you applied a Markdown File to a piece of your code.

```
I have to follow along, with a video from codespace, as we add JavaScript to HTML and
CSS in order to turn our page into a fully-working, interactive web app.

# Requirements
- User must be able to click add button and a value increases
- User must be able to click subtract button and a value subtracts

# Features
- One of the buttons must stop working if a certain value is reached
```

---

2. Please show how you applied JSDoc Comments to a piece of your code.

```
/**
* Updates the color of number element in the program if the max or minimum value has
been reached
*/
```

---

3. Please show how you applied the @ts-check annotation to a piece of your code.

```
//@ts-check

/**
* @type {number}
*
*/
const MAX_NUM =15;
```

---

4. As a BONUS, please show how you applied any other concept covered in the 'Documentation' module.

```
/**
 * @type {{name : string , balance : string|number ,'access-id' : string , age :
number, address:{number:number ,street:string }}}
 */
```
